VOTING IN WAKEFIELD, ELECTIONS AND POLITICAL ORGANIZATIONS

Prepared by the League of Women Voters

To Be A Voter, A Person Must Be

- an American citizen (native-born or naturalized)
- 18 years or more in age
- a resident of Massachusetts
- a resident of Wakefield

To Register As A Voter, A Citizen Must

appear in person before an authorized Registrar of Voters

When and Where to Register:

9:00 A.M. to 5:00 P.M. Monday through Friday in the Town Clerk's office.
7:00 to 8:00 P.M. Tuesday evenings in the Town Clerk's office.

Or at especially designated places in precincts, within two weeks of the closing of registration, scheduled by Board of Registrars and announced in the Wakefield Item.

However no registration takes place between the 32nd day preceding and the day following the State and Presidential Primaries and the State Elections nor between the 20th day preceding and the day following the annual Town Election.

Registration is permanent unless a voter moves to a new city or town or changes name by marriage. However, failure to respond to the Annual Census may result in being dropped from the list of Registered Voters, per Chapter 51 — Section 4. A voter, moving from one precinct to another within the town, should immediately notify the Registrars of the change to assure being able to vote in the new precinct, otherwise he must vote in his former address.

Registrations are administered by the Board of Registrars. The Board is composed of three citizens, appointed for three year terms by the Board of Selectmen, and the Town Clerk, who by virtue of his office, serves as clerk of the board.

Polling Places

1. Precinct 1 — Americal Civic Center
2. Precinct 2 — Greenwood School
3. Precinct 3 — St. Joseph's Hall
4. Precinct 4 — Hurd School
5. Precinct 5 — Franklin School

Local elections are held annually on the first Monday in March to elect certain officials and members of boards for their respective terms.

Local elections are non-partisan. Write-ins are permitted, and absentee voting is allowed in local elections.

To Become a Candidate for Local Office A Citizen Must . . .

be a registered voter

secure nomination papers from the Town Clerk (one set of papers for each office to appear on the ballot)

obtain signatures of 50 registered voters

* submit nomination papers with the Board of Registrars for certification 35 days before the Town Election. File with the Town Clerk by 5 p.m. on the 28th day before the Town Election.

(This places the candidate's name on the ballot officially, providing the papers are properly certified).

The Town Clerk administers election. The Board of Selectmen annually in August appoints election officers to supervise voting at the polls. These include five wardens and five clerks.

To Join a Political Party . . .

A voter must declare his party choice as he enters the polls to vote in the primary elections.

To Change or Cancel Party Enrollment . . .

A voter may either appear in person or use the postal system to change his Party Designation. This may be done any time except when registration is closed, immediately preceding elections.

A party member is eligible to be a delegate to his party conventions. Membership on the town Democratic and Republican Committees is determined by ballot every four years at the Presidential Primary. A non-party member is called an "un-enrolled" voter.

The Annual Report of the Town Officers is published each year and is available at the time of Town Meeting and also at the public library. The report includes all financial data pertaining to the costs of town operating expenses.

Procedure of Town Meeting . . .

The Moderator, an elected town official, presides at town meetings. He begins to read the call for the meeting. Usually a motion is made to waive further reading of the warrant (with the exception of the constable's return which the law demands be read) and the motion is carried. Articles in the warrant are taken up in order as they are printed in the warrant unless it is requested by a two-thirds vote that they be taken up otherwise.

The recommendations of the Finance Committee are given before voters discuss or act upon an article. For the annual town meeting, these recommendations are available a week to ten days before the meeting in booklet form, called "Annual Appropriations", and may be obtained at the Selectmen's Room at Town Hall.

Following the Finance Committee's recommendations or the recommendations of such special department as may be permitted to make recommendations, the sponsor of the article is usually allowed to present his case. The voters may then debate the question according to rules of parliamentary procedure prescribed by the town's bylaws such as:

—Stand, address the Moderator, give name and address clearly, confine remarks to the question under debate and avoid personalities.

-Speak for not more than 10 minutes at any one time, unless granted permission by the meeting. No voter may speak more than once on any question if other voters desire to be heard, and no voter may speak more than twice on the same question without permission of the meeting.

—Speak not more than two minutes on any one of the following motions:

Motion to adjourn

Motion to lay on the table

Motion to take from the table

Motion to put the previous question

(These motions only are in order when a question is under debate.

Total time allowed for debate on each motion is six minutes).

A two-thirds vote of the assembly is necessary on a motion which requires a bond issue. A vote may be reconsidered at the same session or at adjourned session upon two-thirds vote of the assembly. The Moderator may request a voter to put his motion in writing. Should seven voters doubt the accuracy of the Moderator's count of hands on a motion, tellers are appointed to make the count. The Moderator clarifies motions when they are especially complex.

Conduct at the town meeting is further governed by the rules of practice, as they are pertinent to town meetings, in Cushings' Manual of Parliamentary Procedure.

The Town Meeting Warrant and the Annual Report*

The warrant is composed by the Selectmen, with articles being entered by request or petition. Individual voters may have an article inserted by petition. The Selectmen receive all petitions for the warrant, except those having to do with sidewalks, drainage, sewers and streets which must be submitted to the Board of Public Works. Signatures of ten or more registered voters are required on articles for annual town meetings; 100 signatures are required for articles filed by citizens in warrants for special town meetings. Signatures on petitions must be exactly as the voters' signatures appear on the voting list. Voters may request the advice of the Town Counsel in drawing up an article. Customarily, public announcement is made of the opening and the closing dates of the warrant. Citizens, however, may take their petitions to the Selectmen at any Board meeting during the year and the Selectmen will hold such articles for insertion in the warrant for the next town meeting. Department heads enter their articles by the process of request.

*Town Meeting Warrant — A collection of articles presented by departments, committees and voters for consideration by voters at an annual or a special town meeting.

Report of the Board of Selectmen

John J. Murphy, Jr., *Chairman*
David B. Cameron, *Secretary*
John W. Moccia, Jr.
Eugene J. Sullivan, Jr.
Alfred J. Yebba

At the Board's organizational meeting, following the Annual Town Meeting in March, John J. Murphy, Jr., was elected Chairman and David B. Cameron was elected Secretary. Other board members are John W. Moccia, Jr., Eugene J. Sullivan, Jr., and Alfred J. Yebba.

The powers, duties and responsibilities of the Board of Selectmen are broadly diversified in hundreds of sections of law applying directly to Selectmen, together with the hundreds of other sections of law relative to all Town departments.

The Town continues to operate under the Board of Selectmen — Executive Secretary plan of municipal administration. This plan maintains the Selectmen in their traditional role as the elected directors of the municipality and provides for an administrator to carry out administrative assignments within a policy framework established by the Board of Selectmen.

The broadly diversified powers, duties and responsibilities of the Board of Selectmen affect the functioning of all Town departments, and central coordination is essential to an effective and efficient municipal administration.

The Board of Selectmen and the Executive Secretary represent the Town's interest before governmental officials, committees and commissions at the various levels of government for the purpose of presenting information and evidence on matters which concern the Town of Wakefield.

The necessity for effective liaison and representation between the Town, the Federal Government, the State Government and metropolitan agencies continues to be increasingly complex and demanding. The Town's active participation is necessary to the Town's responsible representation in an area of activity that involves significant financial interest as well as progressively increasing socio-economic impact.

The Fire and Casualty Insurance Program, which extends to all municipal departments and provides for various types of required protection, amounted to a premium cost of \$118,818.90. The Workers' Compensation Insurance Program extends coverage to all insurable departments of the Town at a premium cost of \$187,676.00.

The Group Insurance Program of medical, surgical, hospitalization and life insurance benefits authorized for Town employees by referendum action in March, 1958 and extended to cover employees who retired after original acceptance of the legislation which provided group insurance benefits to Town employees (Chapter 595, Acts of 1959) continues to present the best features of any plan of protection for Town employees. There are presently 499 active employees, 276 pensioners and 133 optional medicare members of the Town included in this program. The gross premium cost amounts to over \$1,560,077.62, of which amount the Town contributed \$1,326,277.93.

Chapter 763 of the Acts of the Year 1965 became effective on February 16, 1966, which constituted enactment of collective bargaining for municipalities. Municipal employers are prevented from (a) interfering with the right of employees to organize for the purpose of collective bargaining, (b) dominating or interfering with any employee organization, (c) discharging or discriminating against any employee who testified before the State Labor Relations Commission on a certification proceeding, (d) refusing to bargain collectively in good faith with a designated exclusive bargaining agent, and (e) refusing to discuss grievances with the bargaining agent. The statute states, "the municipal employer shall be represented by the Chief Executive Officer, whether elected or appointed, or his representative or representatives." It has been determined that the Board of Selectmen is the Chief Executive Board in Towns for the purpose of this statute, except as to School Department personnel. This legislation continues a costly and complex impact on municipal administration in Massachusetts.

Chapter 1078 of the Acts of the Year 1973 has identified municipal labor contract negotiations as a matter of serious fiscal consequence. The Board of Selectmen has long recognized the necessity for professional representation at the bargaining table and has continued to engage specialized legal services in this important relationship. Town Counsel has been authorized to engage the services of Special Labor Counsel, and Attorney Edward Schneider has served in this capacity since the inception of this statute.

Chapter 580 of the Acts of 1980, more commonly referred to as Proposition 2½, has developed a serious strain between the requirement for services and the allowable expenditure of revenue raised by real estate taxes. This dichotomy is being further exasperated by its compounding effect.

The Data Processing Division is continuing on a plan of adapting manual methods as are cost effective to internal computer systems.

The Real Estate system, which encompasses property records, bills and cash posting, was transferred from an outside computer service bureau. The transfer resulted in reduced costs and greater efficiency. Systems that have been previously converted include the Town's financial warrants, vendor payments, motor vehicle excise tax collection, payroll and water billing.

The Town's manual General Accounting System, using the new State approved Chart of Accounts, is scheduled to be converted to the in-house system during the next fiscal year. Further efficiency is anticipated.

The Town operates a Data General Eclipse Computer with eight TV-like display terminals that are used in various Town departments to process daily activity.

The Board observed with regret the deaths of the following active and retired employees:

Mildred Prince, School Department
Delia Albani, T.H./Group Insurance

Wakefield CATV Advisory Committee

The fifteen year cable television franchise in Wakefield began June 22, 1982 with the signing of the contract. While Warner-Amex constructed the system, the Board of Selectmen sought applications to form the Advisory Committee, appointing on January 25, 1983, the eight listed below as well as Philip H. DePasquale, who resigned in October.

Faced with unexpected costs as a result of a ruling of the Copyright Tribunal, Warner-Amex requested to delete certain signals. This Committee negotiated an Amendment to the Final License which the Board of Selectmen signed on March 8, 1983, in which a slight rate hike was granted to Warner in lieu of the dropping of signals. Warner agreed to also provide additional channels, including ESPN, Nashville and the Weather Channel. The system was turned on March 15, 1983 and thus the first subscribers received service.

Most of this year's committee work was concerned with resolving problems and subscriber complaints, many relative to start up of the system and achieving a workable telephone and billing system.

Contact is being maintained with similar committees in other communities. At the end of the year there were 5,014 subscribers in the town to cable television.

The Committee looks forward to cooperation in the upcoming areas of local origination and public access.

Report of the Board of Appeals

The Wakefield Board of Appeals, a quasi-judicial body with three members and three alternates appointed by the Board of Selectmen, operates under the Zoning Bylaws of the Town of Wakefield and under Chapter 40A of the General Laws of the Commonwealth of Massachusetts.

The Board of Appeals has a substantial increase in the number of hearings held during the year, due in part to the increased activity in the mortgage market. An average of five Petitions per month were scheduled, all relating to zoning matters. The majority of Petitions were granted, although some were denied and a few were withdrawn.

Attorney Mark M. Curley served as Chairman of the Board for the year, and Attorney James Caffrey served as alternate attorney. Other Board members are James Sen and Franklin J. Fotino, and alternates are Richard Ellis and Walter Howlett. Mrs. Ethel Bisacre took over as secretary of the Board in July.

Report of the Personnel Advisory Committee

The Personnel Advisory Committee (PAC), established in 1978, presently consists of five members appointed by the Moderator.

The PAC's role is to provide personnel policy recommendations and guidance to the Board of Selectmen and the Personnel Administrator as well as reviewing policy guidelines with respect to collective bargaining.

The Committee continues its active involvement in the Town's collective bargaining process. The Town of Wakefield, excluding Schools, negotiates with seven employee unions representing more than 90% of the total eligible Town employees.

Respectfully submitted,

Report of the Town Planning Board

The Town Planning Board's activities in 1983 included reporting to Town Meeting on proposed zoning articles and conducting 21 regular meetings and 5 public hearings. Twenty-three Massachusetts General Laws, Chapter 41, Section 81-P plans were adopted and signed by the Board. Two definitive subdivision plans were approved. The first entitled Molly Hill consisting of 17 lots and the second entitled Orsini Drive Extension consisting of 5 lots for a combined total of 22 new single residence lots. One preliminary subdivision plan was approved, and another preliminary subdivision plan was disapproved because the land fell within the flood plain.

At the 1983 Annual Town Meeting, the Planning Board recommended indefinite postponement on Article 35 which would permit Certified Public Accountants to have offices in General Residence Districts. The Town Meeting voted to approve Article 35.

At a Special Town Meeting held in November, the Board recommended favorable action on Article 4 which would increase the fee for a Board of Appeals hearing from \$85.00 to \$125.00. The Town Meeting voted to approve Article 4.

Throughout the year, the Board received inquiries from the Town Treasurer regarding the disposition of Town land and the Board made appropriate recommendations.

In the closing weeks of 1983, the Board began preparing an application to the Executive Office of Communities and Development for a grant to update the twenty year old Master Plan for the Town of Wakefield.

Mr. Alfred R. Yebba was elected to a full five year term on the Board at the 1983 Annual Town Election.

At the Board's annual re-organization meeting, Atty. Hugh J. Powers was re-elected chairman. Mr. Vincent J. Cardillo was elected vice-chairman, and Mr. James T. French was re-elected secretary. Mr. Michael T. Collins was re-appointed consulting engineer.

Mr. James T. French was re-elected a Vice-President of the Massachusetts Federation of Planning Boards at its annual meeting in October.

Respectfully submitted,

PERSONNEL

In 1983 the Department consisted of a Chief, four (4) Captains, four (4) Lieutenants, forty-two (42) Firefighters, and one (1) female clerk.

Since the start of Proposition 2½ on July 1, 1981, there still remains one vacancy in the Firefighter ranks which has not been funded.

The Department works a forty-two (42) hour work week comprising of four (4) groups. Three groups consisting of thirteen (13) men and one group consisting of twelve (12) men.

Captain David Akin resigned on June 1, 1983 to become Chief of the Yarmouth Mass. Fire Department.

Lieutenant John Brown was appointed Captain on June 2, 1983 to fill Captain Akin's vacancy.

Firefighter David Parr was appointed Lieutenant on June 18, 1983 to fill Lieut. Brown's vacancy.

During the year 1983, Thomas P. Curran and John M. Riley, Jr. were appointed permanent Firefighters.

FIRE PREVENTION

Quarterly Fire Drills and Inspections were conducted in public and private schools, nursing homes, hotels, boarding and lodging houses, and inns, as required by State Law.

During the year 1983, the Department conducted 557 in service inspections of commercial, industrial, and residential properties.

364 inspections were conducted and approved for early fire warning (smoke detectors) systems in new and existing properties.

A total of 282 permits were issued under State Fire Prevention Regulations.

TRAINING

The Department schedules daily training programs on various Fire Department operations.

12 department members completed a refresher course for Emergency Medical Technician recertification at their own time and expense.

A course in CPR for all Department members was conducted during the year as required by State Law.

In conjunction with the Massachusetts Fire Academy, a course was conducted for all officers on the National Fire Academy "Stop Fire Training Program".

Lieut. David Lowry attended a workshop on adopting a physical fitness program for Fire Department members during the year.

A safety program on electrical wires and equipment which was sponsored by the Wakefield Municipal Light Dept. was given all Department members by Safety Engineer Jack Fenton.

FIRE ALARM FIRE, POLICE, TRAFFIC SIGNAL SYSTEMS

The signal system within the Town continues to improve each passing year with replacement of old wire and upgrading of the system.

Inspections of schools, new alarm installations, replacement of old fire alarm boxes and some underground work has been done in the course of the year. A master fire alarm box has been added to the system by Mystic Industries.

Fire alarm has retired its 1967 ladder service truck for a used bucket truck passed on to us by Wakefield Municipal Light Department. This unit has increased our effectiveness due to its versatility.

Traffic lights at Main and Salem streets and Main and Nahant streets have required extensive repairs to the controllers along with several knock downs during the course of the year.

APPARATUS & VEHICLES

1980 Ford Pick-Up
1979 Mack 1,000 GPM Pumper
1979 Chevrolet Sedan
1975 Maxim 1,250 GPM Pumper
1967 International 750 GPM (Reserve)
1960 Mack 750 GPM Pumper
1956 Mack 750 GPM Pumper (Reserve)
1955 American LaFrance 85' Aerial Ladder (Reserve)

The top priority for capital expenditures in 1984 is the need for a Class A pumping engine. This request has been made continually for the past four (4) years, but because of budgetary restraints, has been eliminated. However, as each year passes, the need for the replacement increases with more and more breakdowns of our present apparatus, added costs to replace apparatus, dependability and escalation of costs for new apparatus make it more apparent for new apparatus replacement in 1984.

Mr. Henry Rufo serves as Master Mechanic in maintenance of Fire Department apparatus and equipment.

I wish to express my heartfelt thanks and appreciation to all Department members and the Auxiliary Department for their cooperation and assistance during the year 1983.

Respectfully submitted,

WALTER V. MALONEY, JR.

Chief of Fire Department

Report of Forest Warden

During the year 1983, there were a total of 83 woods and brush fires.

Report of Director of Civil Defense

The Civil Defense Department continues to function under the general direction and control of the Board of Selectmen as is required under the provisions of Chapter 639 of the Acts of the year 1950.

The Auxiliaries of Fire and Police continue under the jurisdiction of the Chiefs of Fire and Police. Operation of the Civil Defense Rescue Truck has been made available for every necessity for both Fire and Police calls.

Civil Defense communications through Chief Radio Officer, J. Henry Sleeper, has remained effective during the past year. Response has been made to Alerts and Checkerboard Tests emanating from Civil Defense Headquarters.

The Director and all members of the Auxiliaries serve on a volunteer basis. A part-time office clerk is the only paid employee.

Throughout 1983 both Auxiliaries have worked in close cooperation with the Fire and Police Departments.

Auxiliary Fire tallied some 6,451 hours which included rescue and lighting plant usage during a Town-wide power failure in March; in May a general alarm fire in Beverly; September, lighting plant coverage at a water main break at Main and Water Streets; December lighting unit responded to second alarm fire on Montrose Avenue. Other responses throughout the year included assistance with general clean-up at Lake Quannapowitt; safety stand-bys for Town events such as parades and road races; a fund raising drive for a new rescue truck; covering Fire Headquarters on a working fire on Box 27 as well as other stand-by assignments at working fires; and also the necessary drill nights.

Auxiliary Police assignments included traffic control, parades, road races, etc., some 570 hours; training sessions including firearms practice totalled 604 hours; Lieutenant and Sergeant assignments covered 180 hours; this volunteer service totalling 1,354 hours.

Both units thereby aiding the efficiency of the regular Fire and Police Departments to the advantage of the Town.

Respectfully submitted,

WILLIAM P. HURTON
Director of Civil Defense

The Wakefield Board of Health continues to move forward in the theme of "Health Prevention in the '80's" with the increased immunizations 39% over 1982. This came in the form of public clinics for flu and pneumonia and the mandate by the State Department of Public Health that all school children entering kindergarten must be immunized for polio, MMR, diphtheria, tetanus and pertussis.

The new fee schedule has resulted in a 222% increase from 1982 to 1983.

The Board of Health of the Town of Wakefield will continue to serve the citizenry with well planned projects.

The Board of Health, at this time, would like to take the opportunity to thank Mr. Paul V. Wheeler, present Chairman of the Board of Health for his unselfish contribution to the Town.

Report of Wakefield Housing Authority

In accordance with Chapter 121B, Section 29, of the General Laws of the Commonwealth, a copy of this Annual Report is sent to the Executive Office of Communities and Development, to the Board of Selectmen of the Town of Wakefield, and to the office of the State Auditor.

Four members of the Authority are elected to serve for terms of five years each. The elected Commissioners and the expiration of their terms of office are as follows:

Chairman Francis A. Langone, 15 Chestnut Street	March, 1987
Vice Chairman Dr. Marilyn Mathias Root, 8 Forrester Road	March, 1986
Treasurer Arthur J. Rotondi, Jr., 4 Newell Road	March, 1985
Assistant Treasurer Mary S. Sweeney, 21 Salem Street	March, 1984

The fifth Commissioner is appointed by the Secretary of the Executive Office of Communities and Development for a 5 year term and Dr. Cruickshank of 2 Scott Lane was recently appointed to serve another term which will end in June, 1987.

Board meetings are held on the fourth Tuesday of each month in the main office of the Authority at 26 Crescent Street and the annual meeting is held on the fourth Tuesday in March.

The Authority owns and manages three elderly housing developments: 116 apartments at Hart's Hill completed in 1964 and 1970, respectively; 25 apartments at Lincoln School House completed in 1981, all constructed under Chapter 667 of the Massachusetts General Laws. In addition, there are forty apartments at Crystal View constructed with federal funds and completed in 1980.

In 1982, the Authority purchased three houses in Wakefield which now provide decent, safe and sanitary homes for eight low income families. Funding for this program, Chapter 705, is through the Commonwealth of Massachusetts.

Our two programs of rental assistance, 707 funded by the Commonwealth, and Section 8, funded by the federal government, assist approximately one hundred and thirty families both in Wakefield and, where authorized, in other cities and towns. The Authority has recently received monies to provide for ten additional units of Section 8 housing.

In a continuing effort to keep the properties owned by the Authority in the best possible condition, energy audits were completed at Hart's Hill and Crystal View Apartments resulting in a request by the Commissioners of the Authority for modernization funds to carry out energy related improvements, such as additional insulation for the oldest of our buildings at Hart's Hill, energy efficient windows and doors, limiting thermostats and other items relating to energy savings. Moreover, in both our family housing and elderly housing at Hart's Hill, we have installed smoke alarms for the safety of the tenants.

Our congregate program at Lincoln School House is now in full swing and, as with all new programs, an adjustment period is needed before acceptance. The tenants seem to be happy in their new environment. Thanks to the generosity of the Rotary Club, colored television sets have been donated to the congregate living rooms for the pleasure of the tenants. Lincoln School House will be further enhanced when the new multi-purpose senior center opens at the north end of the building serving Wakefield's senior citizens.

Through the efforts of both the administration and maintenance staff, the Authority was awarded an "outstanding" rating from the Executive Office of Communities and Development's Bureau of Management.

The administrative staff, headed by executive director Barbara Miller, includes Mary Gallucci, housing manager, and Allison Bourque, secretary-bookkeeper. Mrs. Norma Lester, who began employment with the Authority in October 1983, is the part-time receptionist. Charles Longmuir, Burl Whelchel, and Eugene Ruggiero maintain the properties at Hart's Hill, Crystal View, and Lincoln School House.

Affordable housing continues to be sorely needed and, in the coming year, the Authority will continue to look into housing alternatives and opportunities which will be of benefit to the constituency we serve.

Respectfully submitted,

FRANCIS A. LANGONE, Chairman

Report of The Recreation Commission

In March, the Recreation Commission members voted as Chairman, George Koulouris for the eleventh consecutive year, as Vice Chairman, William J. Boodry, Jr., for his eighth year. Roger G. Maloney was appointed Recreation Director starting his thirteenth year in service to the Town. Marjorie Henderson was appointed the Commission's secretary for the board meetings and office secretary replacing Kathy Relihan. This year the office is located in the basement of the Town Hall due to the closing of the Americal Civic Center.

The 1982 budget was again a reflection of Proposition 2½ in which many successful summer playground programs, plus most of the adult winter programs were eliminated from the total recreation budget. The Commission was successful in keeping the lifeguard and the Summer Swim Program and providing limited field maintenance service and facility supervision for baseball, softball, soccer, basketball, and football programs, as well as some repairs of recreational playground equipment within the constraints of its budget.

Again the Recreation Department being the central permitting Department for utilizing all outside Recreation facilities such as playing fields and tennis courts, picnic areas, the Wakefield Recreation Department will stand ready to serve and provide requested services as best as it can within the fiscal restrictions.

We will continue to work closely with the many various sport groups in the Town as well as total coordination and cooperation with the Board of Public Works and the School Department.

As your Director, I would like to thank the Board and the various Department employees for their cooperation during the past year.

Report of The Director of Public Works

As required by Chapter 48 of the Acts of 1950, an Act authorizing the Town of Wakefield to establish a Board of Public Works, I respectfully submit a report of the work accomplished in 1983 with thoughts for the future.

The Board of Public Works this year commencing on 1 July 1983 contracted out the refuse collection for a three-year period with options to renew for an additional two years without laying any employees off, but further reducing the work force by seven employees through attrition. Now the total number of employees in the department stands at seventy, down thirty-eight employees in the last six years.

The 1983 Annual Town Meeting approved a bond issue in the amount of \$960,000 for needed improvements to our water distribution system in order to accept the second connection to the Metropolitan District Commission (expected to start construction now in late 1984 or early 1985) and for the installation of remote reading water meters. This bond issue to be financed by an increase in water rates as outlined in last year's report.

The Diagnostic/Feasibility study for improvements to Lake Quannapowitt has been approved for a 70% State Grant by the Massachusetts Department of Quality Engineering. A consultant was selected in October 1983 (Camp Dresser & McKee, Inc.) but the grant funding has been held up waiting for approval of the Town's Affirmative Action Program by MCAD (Massachusetts Commission Against Discrimination). It is hoped that this study will commence in February or March 1984.

The Urban Systems Project for the improvement to Main Street (Salem Street to Lowell Street) has been submitted to both the Massachusetts Department of Public Works and the Federal Highway Administration for a 75% review. Hopefully, this project will be through all the necessary review processes this year with construction starting in 1985.

The Metropolitan District Commission has started final design on the replacement of the Reading Pumping Station and Force Main which will take the route of Brook Street to Hopkins Street through Wakefield and construction should start in late 1984 or early 1985.

It appears that the MDC Sewer Division will require the Town to conduct an inflow/infiltration study before our Municipal Discharge permit will be renewed. It is expected that this study must be started in the Spring of 1984 if these requirements are to be met.

The Department has submitted to the Finance Committee an equipment replacement schedule to hopefully be acted on in 1984 since the Department's fleet has aged long beyond the normal life expectancy for most equipment of this type. If not replaced soon, considerable down-time should be expected and equipment repair costs will start to skyrocket.

For details of what has been accomplished throughout this year, I refer you to the following Division Supervisors' reports.

Respectfully submitted,

RICHARD C. BOUTIETTE, P.E.
Director of Public Works

ENGINEERING DIVISION

Submitted herewith is the report of your Engineering Division for the year ending December 31, 1983.

Sanitary Sewers

This division supervised the construction of the following:

- (a) 600 Lineal feet of sewer in Atwood Avenue; crossing the railroad property to Main Street.
- (b) 248 Lineal feet of sewer at the easterly end of Water Street.

Roadway

Supervised the reconstruction of Wayland Road, a private way, under the provisions of Section 19, Chapter VII of the General Bylaws of the Town.

Survey and Design

This division provided survey layout services for the Cemetery Division and designed the new section at the Forest Glade Cemetery presently being constructed.

Survey services were also provided for the proposed Metropolitan District Commission Sewer Lift Station in Wakefield to be located on Putnam Avenue.

General

Inspection services were provided for all subdivisions presently under construction in accordance with plans approved by the Planning Board, acting under the provisions of the Subdivision Control Law.

Sewer easement plans were prepared and filed in the Registry of Deeds.

Public Way taking plans, along with drainage easement plans, were prepared for Audubon and Teal Roads.

Technical assistance was provided to all town departments when requested.

Respectfully submitted,

MICHAEL T. COLLINS, Town Engineer

BUILDINGS DIVISION

Submitted herewith are the major projects undertaken by the Building Division during 1983.

Lafayette Building

Removed rotted wood gutters, plancher and fascia boards. Replaced fascia and plancher boards where needed on east side of building and also sixty feet of 5" aluminum gutter.

Replaced approximately 72 square feet of boards and double coverage roofing on false roof on south side of building. Drip edge was also applied for added protection.

Nine existing storm windows were removed and replaced.

Installed new exterior fire alarm bell and interior components related to sprinkler system.

Installed plywood and linoleum in men's room on second floor.

Removed existing carpet and installed new carpet in Analyst Room on second floor.

Fire Station — Central

Replaced broken pressure gauge and air line on compressor.

Improved heating system in Chief's and secretary's office by removing the existing return line to boiler to a higher location on boiler.

Painted ceiling and walls on second floor in T.V. Room.

Fire Station — Greenwood

Replaced leaking hot water tank.

Painted ceiling and walls in kitchen area.

Park Department

Installed new water bubbler at Colonel Connolly Park.

Painted outside walls on storage sheds at Colonel Connolly, Moulton, Nasella and Maple Way parks. All work performed by summer and Building Department personnel.

Police Station

Replaced old air conditioner with new 4½ ton — 53M — B.T.U. Central air conditioner.

A separate circuit breaker was installed for the copier machine in the secretary's office.

North Avenue Garage

Phase II — Replaced 160 feet of floor drain grates in new garage with ½" perforated plate steel. Phase I was completed in 1982.

Replaced existing 3'-0" x 7'-0" all metal door and casing with transom, personnel door in old garage, with new all metal door and casing. Interior of old door rusted out making door impossible to lock in order to properly keep the elements out.

Cafeteria ceiling and walls were painted as were the restroom and hallway walls.

Replaced two coil springs in overhead garage door #2 in new garage.

All work was performed by Building Department personnel.

Civic Center

The Americal Civic Center was cleaned out for the "Civic Center Association" take over by Building Department personnel and summer help.

I would like to take this opportunity to thank all Public Works' employees, all Division Supervisors, the Administrative and Office staff for their cooperation and assistance throughout the year.

Respectfully submitted,

CHESTER J. CONFALONE, Supervisor
Buildings Division

FORESTRY AND PARK DIVISION

It is my pleasure to inform you of the maintenance program of the Forestry section during 1983. The tree crew is involved in the snow and ice program during the winter months. Weather permitted, they are assigned to the cutting of

dead or dying trees along our public ways. In addition, the clearing of trees and shrubs for the cemetery's development of grave sites was completed. Many requests were received from residents concerning dying trees and low hanging branches and various related tree problems throughout the year. Total estimated requests received and completed by this division was 277. Approximately 96 public shade trees have been removed.

The Park Division has its routine winter schedule of snow and ice emergency work primarily sidewalk snow plowing for the safety of school children. The Park Division was able to continue with routine maintenance of ball diamonds for scheduled use by both private leagues and the School Department's Physical Education program. Grass mowing of our public parks and playgrounds became a serious problem due to heavy and frequent rainfall this early summer. Maintenance of the portable boat ramp floatation and inspection and repair of the Recreation Department's rafts was attended by this division to make ready for the summer program.

Respectfully submitted,

ROBERT J. BELANGER, Supervisor
Forestry and Park Division

CEMETERY DIVISION

I am pleased to inform you of the maintenance program of the Forest Glade Cemetery for the year ending December 31, 1983.

During the winter season, weather permitting, all available personnel were assigned to cutting and removing trees and brush to make ready a development for new grave locations. With the available funds, we were able to purchase some additional fill and loam for the final grade to this area.

A new roadway was constructed around the new development to separate it from the public sale of the other portion of the new location. The installation of a new underground water pipe system had been placed in this section. In late fall, the placement of sod was installed in this section. Also at this time, the placement of sod was installed only to a portion of the new Veterans' section with a completion date of the spring of 1984.

In conclusion, I would like to thank all department personnel whose service made possible the readiness of the cemetery grounds and those of the Old Church Street Cemetery for Memorial Day Services.

HIGHWAY DIVISION

This has been a year primarily devoted to maintenance by this Division. We feel that the major need of the Town is one of maintaining our existing facilities, which is becoming a problem of ever increasing magnitude.

The increasing numbers of heavy traffic has hastened the deterioration of our major arteries and some secondary roads. New roads and subdivisions are adding to the list of streets, drains, and sidewalks to be maintained by the

Highway Division. I must state that the preventive maintenance schedule of the Division has been a prime factor in great savings to the Town in respect that the facilities do not reach the stage of complete reconstruction.

With this in mind, I hereby submit the report of work accomplished by this Division for the year 1983.

Street Maintenance

Normal patching as required for maintenance, resurfacing (Stone Chip Seal and Slurry Seal) and Bituminous Concrete in conjunction with Chapter 90 overlay programs was completed.

The following streets were resurfaced with Bituminous Concrete Type I:

Forest Street	2,296' from Main St. to Stoneham Line
Salem Street	1,100' from Pleasure Island Road to Lynnfield Line
Nahant Street	2,619' from Hart Street to Farm Street
New Salem Street	2,900' from Salem St. to a box culvert
Lowell Street	8,457' from Salem Street to Main St.
Vernon Street	5,746' from Cordis Street to Water St.

An "Open Graded Mix" (anti-skid) was applied on Prospect Street, from Elm Street westerly approximately 800 feet and on Lowell Street westerly 900 feet from the railroad crossing to a driveway at the Dolbeare School.

All preparation for paving is performed by Highway Department personnel. This includes adjusting curbing, berms, driveway and sidewalk paving, any drainage changes or additions, any patching to old paving failures.

Hiway Paving, Inc., Waltham, Massachusetts performed all paving on the streets in 1983.

D & R Construction of Wakefield, Massachusetts was contracted to raise to grade all water and gas gates, sewer drain and catch basin covers on the paved streets.

E. B. Rotondi & Sons of Winchester, Massachusetts sealed and graded 800 square yards of trench paths by the infra-red method.

Able-Ahearn Contracting, Riverside, Rhode Island sealed cracks on various streets, using hot rubberized asphalt.

The following streets received an application of chip seal.

CHIPSEAL 48,000 S.Y.

Montrose Avenue	Keeling Road
Swansea Road	Shetland Road
Heritage Lane	Thorndike Road
Putnam Avenue	Karen Road
Griffen Drive	Woodcrest Drive
Hillcrest Road	Fernwood Road
Robin Road	Thistledeale Road

Montrose Avenue, Keeling Road, Swansea Road and Shetland Road were sealed with a hot latex, emulsified asphalt, with stone application. This is a relatively new method of chip sealing which allows traffic to be heavier and travel at greater speeds. The curing capabilities also allow the excess stone to be removed almost immediately. We are quite pleased with the results on these streets.

New Road Construction

Mansfield Drive (Extension) from #22 Mansfield Drive 420 L.F. to the intersection of Mansfield Drive with Sesame Street. The section of road was constructed by LaCasa Builders, Inc.

Wayland Road (a private way) from Vernon Street 550 L.F. to a turnaround. J. Marchese & Sons was the contractor.

The Highway Division also maintains all trench failures and potholes with hot bituminous in summer and cold patch in the winter months.

Street Sweeping

The business section was swept twice each week from April to December (weather permitting). All streets were swept of any leaves and sand in the spring and fall and re-swept as often as necessary during the summer months. The sweeping is contracted to J.K. Municipal Services, Middleton, Massachusetts.

Traffic Lines

The following line painting was completed by American Stripes, Inc. of Taunton, Massachusetts, under supervision of the Town:

150,000 l.f.	4" Centerline
27 l.f.	4" Edgeline
1,500 l.f.	12" Stop Bars
1,600 l.f.	12" Crosswalks
24	Directional Arrows
90	24" Letters
20,000 l.f.	4" Parking Lines

Patching

All permanent patching of water and sewer trenches is done by the Highway Division.

The department also permanently paved 95% of the Municipal Light Department gas and electric trenches in all sections of the Town.

Early & Sons, Bradford, Massachusetts dug and paved approximately three (3) miles of underground cable conduit trench for Warner Amex Cable Communications Company. The trench varied from 4" to 1½ feet wide and was sealed by the infra-red process after paving with bituminous concrete. All trenching and paving was inspected by Highway personnel.

Traffic and Street Signs

This year we installed or replaced the following signs:

Replaced traffic signs	60
New poles replaced	25
Street signs replaced	110

NOTE:

We are concerned over the matter of mischievous damage being done to our signs. Most of the damage is caused by vandals. All citizens should report any vandalism that they see being done to any public or private property.

Berm and Curbing

1,500 L.F. of bituminous concrete berm and shoulder paving was done to halt the erosion of gravel shoulders and grass strips.

Sidewalk Maintenance

560 L.F. of bituminous concrete averaging 5 feet in width was removed and replaced on Traverse Street from Bennett Street to the Franklin School.

418 L.F. of bituminous concrete sidewalk was replaced on the south side of Eaton Street.

260 L.F. was replaced on the west side of Greenwood Avenue to Hillis Avenue.

120 L.F. of concrete sidewalk was installed on Aborn Avenue.

25 L.F. was applied to Park Street.

Concrete slabs were also replaced in many areas where water and sewer trenches were excavated.

Drain Maintenance

179 L.F. of 12" R.C. pipe was installed between #28 and #30 Bellevue Avenue and down through an easement on these properties. Three 6' catch basins were also constructed in conjunction to solve the drain problem in that area.

79 L.F. of 12" R.C. pipe was installed between an existing manhole and catch basin at #39 Cordis Street to remedy a drain problem on Vernon Street.

25 L.F. of 30" R.C. pipe was replaced at 25 Eunice Circle.

John DiTonno Contractors of Wakefield, Massachusetts installed 255 L.F. 15" R.C. pipe from Kathleen Drive to an end in the brook at 84 Valley Street. Ten (10) catch basins and five (5) drain manholes were also built into this system.

A total of 18 catch basins were repaired in sections of the Town.

Twelve (12) manholes were also repaired.

Trouble spots along the Mill, Saugus, and Salem Street Rivers were dug or dredged by S. Benedetto, Wakefield, Massachusetts.

The Highway Division continually maintains the brooks and culverts by digging, widening and the cleaning of brush and debris. This year we cleaned approximately 2,100 L.F. of brooks.

3,200 manhole and catch basins in the drainage system were cleaned of leaves and debris; some were cleaned twice. This service is contracted to J. K. Municipal Services.

The Town realized over 300 yards of loam from the process of mulching leaves dumped at the Nahant Street Pit with sand from street sweepings. The material is mixed with brook excavation and then shredded.

472 requests for berm installation, repair to signs, sidewalks, streets, and drains were performed.

Winter Schedule

The Department's winter schedule consists primarily of jobs relating to snow and ice control. Snow fence was installed and maintained at the Lower Common and at the head of the lake on Main Street.

85 sand barrels are placed in areas at hills and intersections where icing may exist on the pavement. This is a service to motorists in emergencies. The barrels are maintained and filled with sand during the winter season.

Brooks, catch basins and culverts are cleaned to alleviate the possibility of flooding in early spring.

All personnel and equipment are involved in sanding, plowing and snow removal.

Personnel maintain plows, sanders, and chains between sanding and plowing operations.

Refuse Collection

The year 1983 marked a milestone in refuse collection for the Town. On July 1 of this year, Stanley Roketenetz, Inc., Woburn, Massachusetts assumed the task of collecting all solid waste in Town. Town employees had done this job since June 17, 1947. In 1983, 10,702.49 tons of refuse was delivered to the R.E.S.C.O. Resource Recovery Plant in Saugus for disposal. Unit cost to R.E.S.C.O. was \$18.37 per ton for disposal.

In closing my report, I would like to take this opportunity to thank all Public Works' employees, all Division Heads and our office staff for their cooperation and assistance throughout the year of 1983.

Respectfully submitted,

RALPH P. DeCECCA, Supervisor

Savings which have been the result of a reduced transportation schedule, the elimination of subsidies for summer school, community education, the food service program, and the consolidation of programs systemwide, have helped the School Committee maintain its educational programs. 1984 is a new contract year for all five (5) units with whom the School Committee negotiates. The dilemma that persists in all negotiations is that any increase in wages must be supported by a budget increase if the integrity of the total education program is to be maintained.

Despite the financial limitations, the Committee has largely accomplished most of the following goals of the 1983 school year:

1. The implementation of a five (5) year enrollment plan to include use of facilities.
2. Organization of staff development programs to meet the needs of grade level, junior and senior high school teachers.
3. Development of a five (5) year computer educational plan.
4. Utilization of cable television to serve as an educational medium and as a communication vehicle.
5. Planning the means for present and future financing of public education.
6. Expansion of health education at all levels.
7. Improvement of the basic skills at all levels.

The School Committee's Subcommittee on Curriculum is studying the several national reports that have focused on education. The Committee as a whole had already implemented many of the recommendations of the reports by increasing courses and credit requirements for high school students. The School Committee will continue to study the present program offerings and has directed the administration to make recommendations for needed improvement that are consistent with the overall philosophy and budget of the Town of Wakefield.

More adults have been invited into the educational process through the Community Education program which has expanded. The School Committee has approved programs for youth as well as senior citizens within Community Education and the Committee feels that, in the future, education in Wakefield will embrace all age groups. The implementation of educational cable television course work and practical experience is opening a new educational opportunity for students in this demanding field of endeavor. Also, the business and scientific communities' dependence on computers has influenced the Committee to provide computers and computer education at all levels.

The School Committee is very grateful to all the individuals and the groups who volunteered their services or made other contributions that benefited the students of the school system. The School Committee is especially grateful to the parents who continually support all of the educational programs and especially for their contribution of the excellent Cultural Arts program that is available to all students, kindergarten through grade eight.

The School Committee extends its appreciation and admiration to all the administrators and the faculty for their professionalism, dedication and loyalty to the Wakefield System and the students. Best wishes for health and happiness are extended to those who retired: Mary Hayward, Rosemary Seeley, Marion Kendig, Rita Tinel, Hazel Warren, Harriett Turco, John Powers, Joseph (Puck) Sardella and Redmond Moulton.

We were deeply saddened by the deaths of Mortimer Sherman, James (Hack) Walsh and Jeannette Daly. They will always be remembered for the strong educational influences they left with the students

Respectfully submitted,

JOHN B. ENCARNACAO, Chairman

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE WAKEFIELD SCHOOL COMMITTEE

The President's National Commission on Excellence in Education released the most notable of several reports which examined public education in the United States. While most of the reports seemed to ignore the diverse nature of the student body in American high schools, they did encourage higher standards for school systems to reach for in the areas of achievement, curriculum requirements, teaching staff and school operations. Both the Massachusetts Legislature and the Board of Education have released recommendations and guidelines for the establishing of curriculum and the assessment of student achievement. The past year has been a period of thinking and re-thinking goals, objectives and the results of American education. The school administration in Wakefield has studied these reports and will make recommendations consistent with Wakefield's philosophy of education and budget.

Wakefield's Educational Programs and Achievements

The Wakefield School Committee had been implementing some of the suggestions of the National Commission on Excellence prior to the publication of the Commission's report. Credit and content requirements for graduation from Wakefield High School have been increased. Scores on standardized achievement tests have been monitored. Wakefield's average on the Scholastic Aptitude Test, taken by high school seniors and juniors, continues to be higher than the state

and national averages recently published by U.S. Secretary of Education, T.H. Bell. The current average in Massachusetts combined verbal and mathematics scores is 888. In 1983, the combined verbal and mathematics average for Wakefield students was 930. Wakefield High School students have also scored exceptionally high on Advanced Placement Tests. Advanced Placement courses have not only prepared students for rigorous college work, but in some cases students receive college credit for the advanced placement courses they have taken; and in a few cases they can even graduate early and thereby reduce their tuition costs.

The United States Department of Education recently contacted Wakefield High School to request that the social studies staff review textual material and write curriculum in social studies for special education students. Wakefield High was one of five (5) schools across the country that was selected because of its strong social studies and special education components.

The Wakefield High School Music Department continues to maintain a superior status within the Commonwealth by sustaining a sixth consecutive year record as the Massachusetts Instrumental Conductors' Association State High School Orchestra champion. Wakefield High School also has one of the largest high school Music Department student representations to the Northeast Senior District and All State music conferences. Numerous Wakefield student musicians are members of the famous Greater Boston Youth Symphony Orchestra. The Music Department's director is president of the Massachusetts Instrumental Conductors' Association and chairperson of the 1983 All State Concert held at the University of Massachusetts at Amherst. The Wakefield High School Band has gained recent recognition as a participant in the New England School Band Association Field Show. It has done exceptionally well in state and regional concert band competitions.

Comprehensive computer education has begun in Wakefield. There are computers available to students in all the schools. Nearly 75% of the elementary teachers have been trained in computer literacy through staff development programs. Computer laboratories have been established in both the junior and the senior high schools. This program is still in its early stages, but staff commitment and student enthusiasm are very strong.

The installation of the cable television studio was completed at Wakefield High School in October. A committee of high school teachers is developing a television curriculum which will be available to teachers and students system-wide. Not only have high school students begun to learn the elements of cable television broadcasting, but elementary students have already produced and acted in a television production which was shown on the public access channel in December.

Wakefield continues to maintain its special programs to meet individual student needs. Wakefield High School's vocational programs in food services, electronics, child care and distributive education serve a significant student population, many of whom will not go on to college. The Alternative School, one of many successful special education programs, housed at the former Woodville Elementary School, provides special attention and training to students who would have to be moved to a private school setting or drop out of school if it were not for this sensitive program which focuses a great deal of attention on the individual learner. A program for gifted students grades 4-6 continues to be offered once a week at the Atwell School.

Through the Wakefield High Guidance Department, an active Career

Awareness program exists. In the beginning of the school year, counselors visit senior English classes in order to make students aware of the need to begin preparing their post secondary plans. In the spring, counselors visit junior U.S. History classes as part of the junior year career program. The outstanding feature of this program is that students have the opportunity to get a computer printout with suggestions for careers to explore. During the program, students learn many of the skills necessary in order to decide upon a career.

Involvement of parents in the education process, a strong recommendation of the National Commission on Excellence, has increased greatly throughout the School Department. A Cultural Arts program which provides experiences in the arts and humanities for students, grades kindergarten through eight, is a direct result of Wakefield parents' interest and support of education and does not require School Department funds.

A comprehensive Community Education program is unfolding. Over seven hundred (700) adults participated in the fall. For the first time, an expansion into a winter and spring semesters is scheduled. One important offering under Community Education has been funded by construction aid money owed to Wakefield by the federal government as a result of the building of Wakefield High School in 1974. This program provides word processing skills to adults interested in improving their present careers or becoming eligible for employment. The plan is to continue the program next year with the second installment of the construction aid funds.

Staff development programs for teachers and administrators have been offered and designed to assist administrators in their task of evaluating and analyzing teaching and to help teachers improve their instructional skills as well as learn the content necessary to update subject matter and materials. Four (4) curriculum study groups of teachers and parents are currently active on the elementary level.

The Future of Public Education in Wakefield

The budget always plays an important part in the ability of the school system to maintain high achievement levels and a comprehensiveness in its total program. With a budget which cannot grow significantly because of obvious financial limitations on the town, and five (5) unions interested in personal and professional growth, the administration and the School Committee face the need to decide upon program and staff reductions. The best way to conclude an annual report to the School Committee regarding the state of Wakefield's education is in the form of the many questions that will face the School Committee: In the face of financial scarcity, can the School Committee continue to be sensitive to the problems that clearly require individualization where teachers meet with a small group of students such as the Basic Studies programs at the junior and senior high schools and the Above Average Ability program at the Atwell School? Will the demands for smaller classes by parents force the reduction or elimination of other educational programs? Will the School Committee have to make priority decisions that will result in changing the comprehensiveness of Wakefield education? Can extracurricular programs be strengthened? Can the School Committee promote a harmonious relationship with the teachers' union to bring the highest level of morale and performance among teachers throughout the system?

General

After a successful installation at the Franklin and Greenwood Schools, the Wakefield Hot Lunch program has started at the Dolbeare, Montrose and Hurd

Schools. Plans are underway to have the program in all the elementary schools by September 1984. This program, with emphasis on nutrition, is supported by the receipts taken in the program.

The administration extends its best wishes to Harry Lilley who retired from the Committee and Huguet Pameijer who resigned in order to move with her family to Connecticut. Charles McCauley and Warren Magoon were elected to the Committee and have been working actively on various important subcommittees.

The 1983 graduates of Wakefield High School have reported that they are involved in the following educational, work or other programs:

	1982		1983

School Plant Management

The Wakefield School Department continued its re-roofing program with the installation of the Franklin and the Hurd School roofs. The interiors of the Hurd and Montrose Schools were painted as were the exteriors of Wakefield High School and the Hurd School. The Walton School which previously had one (1) boiler now has two (2) boilers. A second, new boiler was installed during the summer.

A new and more efficient oil burner was installed at the Warren School. Fire detection and alarm systems were put in place at the Hurd and Doyle Schools. The playground area at the Greenwood School was resurfaced.

Boilers and related equipment in all of the Wakefield schools were inspected and certified for another year of operation. All of the burners were cleaned and overhauled. The effects of past years' efforts to reduce the consumption of electricity and oil are manifested in budget savings. The money not used for fuel can now be used for educational programs. The department has engaged a private contractor for the maintenance of its sixty-eight (68) acres of land. This contract, designed to provide the necessary care and maintenance and eliminate the need for additional personnel, will be reviewed in six (6) months.

Report of the Board of Trustees Lucius Beebe Memorial Library

Another successful year has been experienced by the Lucius Beebe Memorial Library, thanks to the inspiring leadership of its administration, to the caring and dedicated staff, to the many appreciative patrons, and to the several generous donors. While the spirit of this success is not always tangible, the statistical accounting of it can be very readily substantiated. It is evident in the steadily increasing figures for circulation of library resources and reference services, the greater number of activities taking place in the library, the numerous civic, educational, and social groups which use the library, and the expanding numbers of donors and volunteers who give their time, monies, and labors for the benefit of the library. A hearty note of appreciation is extended to all — staff and public alike — for the evidences of the library's role and influence in town.

Locally, the library's sphere of influence extends to the increasing numbers of civic groups who book the use of the Lecture Hall almost daily or nightly. In addition, the extensive use of the computer in the Youth Room has attracted and exposed the library to many young people who might not otherwise have used the library. The generosity of the Selectmen in releasing Sweetser Lecture funds for the several authors, illustrators, story-tellers, and other speakers and events has been praiseworthy, as attested to by many students and parents who have spoken highly of the opportunity to hear these lectures and attend the programs. Unexpected gifts of appreciation from local companies and even an out-of-town visitor who once used the library indicate the library's value and place in the community.

This is true not only locally in town, but beyond, regionally. The Lucius Beebe Memorial Library is very well known and recognized by many who have occasion to need and use it through NOBLE. As one of the original members of NOBLE (North of Boston Library Exchange), a cooperative regional library network which has grown to ten members, the Beebe is in the forefront of sharing and exchanging of resources, ideas, problems, solutions, costs, influence, and services. These ten member libraries have now adopted an agreed-upon set of bylaws, confidentiality policies, and other functions under which they operate to their mutual benefits. Furthermore, there are five more area libraries waiting in the wings for acceptance soon, bringing the total to fifteen libraries similarly willing to share and exchange, in a continuing and widening horizon of more resources, more services to all their constituent publics and patrons. This is cooperation with a capital "C", especially important in this day and age of fiscal and budgetary restraints.

The only events that marred an otherwise glowing year was the sad and reluctant reality of the final sale and dismantling of the Montrose Branch Library, after voters had approved its sale at a Special Town Meeting in November. This sale marked the end of a public life for a building historic to the Montrose community, first as a religious chapel, then as a civic center and meeting room, and lastly as a much-beloved public library. We wish it well in its new beginning as a private domicile.

To the entire Library Staff, to Director Sharon Gilley, to new Assistant Director Susan Flannery, and to the library's active and supportive clientele, young and old, in school and out, at work and play, in business, industry, and

commerce, in civic, social, political, and academic centers, the Board of Trustees wishes to express its public gratitude to all for a job well-done.

REPORT OF THE LIBRARY DIRECTOR

When told of our increasing business, a neighboring library director remarked that brisk business is welcome in the private sector, where it brings more revenues, but less welcome in the public sector, where it requires spreading fixed resources thinner. Nonetheless, the library trustees and staff were pleased to offer a few new services this year, and to have them well received by the Wakefield citizenry.

NEWS

The computerized circulation system has freed the public service staff of some clerical tasks, enabling them to devote more time to providing public service.

Because last year's increase to five pre-school story hours was well-received, the Youth Room staff offered seven story hours this year. The waiting lists indicate that there yet remains some unfilled demand for this service.

During the summer, we introduced an Apple IIe microcomputer into the Youth Room. Since then, about 250 people have participated in an introductory training session conducted by Isabel Wilber and are now using the equipment. The computer was purchased with private funds donated to the Board of Library trustees.

We were proud to host a number of prominent people and pleasurable events, paid for by trust funds. Children's author-illustrator Ned Delaney addressed third graders and authors Norma and Larry Mazer spoke to eighth grade classes. The Gerwick Puppets and the West of the Moon Storytellers entertained children at summer's end. Sharon O'Connor of the Melrose-Wakefield Hospital provided a series of babysitting clinics for youngsters wanting training for their first jobs. In June, the Quilt Show exhibited about fifty entries and provided related demonstrations to about 200 people.

CONTINUING ACTIVITIES

"Birds, Beasts, and Little Fishes" was the theme Isabel Wilber developed for this summer's reading program, which naturally gave rise to a Pet Show, a Turtle Race and crafts related to animals. A section of the Youth Room was occupied by papier mache characters from Charlotte's Web. Each child was awarded a spider for each book read, and before summer's end spiders were crawling out of a papier mache pig pen, up to the ceiling, and across the book shelves.

Laurie Bready was responsible for the growth of the Pen Pal Program for young adults, in which seven libraries across the continent currently participate.

Requests for booktalks from the Sisterhood of Temple Emmanuel, Kosmos Booklovers, and Open Circle Women's Group at First Parish Church were honored by Charlotte Thompson, who also attended the meetings of the Greenwood Book Group and the Great Books Discussion Group.

The Adult Literacy Workshop, conducted by Joan Keech, currently accommodates 29 students, some of whom work one-on-one with a volunteer tutor while others meet in groups. Participants represent the countries of Taiwan, Egypt, Finland, Hong Kong, and Israel.

We are pleased to report that our computerized circulation system is responsible for greatly reducing the number of books borrowed and never returned. An eight-month sample before switching to the computer yielded 1200 unrecoverable books; after the switch-over, we experienced 275 unrecovered books in eight months. At a cost of \$15 per book, the system prevented the loss of \$13,875 worth of materials in an eight month period.

VOLUNTEERS

The Library is indebted to a number of people who have donated their time and talents during the past year. Esther Nowell and Janice Shaw have provided books to homebound readers. Irene Puddister and Marie Beyer are to be thanked for keeping our shelves in order. Friends of the Library officers Karen Rotondi, Dorothy Askenazy, Rosemarie Adler, and Helen Landrigan have responded to the library's changing needs.

Report of the Municipal Light Department

To the Citizens of the Town of Wakefield . . .

We are pleased to submit our ninetieth annual report of the Municipal Light Department, covering the period July 1, 1982, to June 30, 1983.

Electric Operations:

Unit sales to customers were 3% higher than the preceding year. Despite the higher level of sales, the net profit of the electric division was down substantially. The reason for this decrease was the timing in collecting the fuel cost in relation to actual purchase power expenses.

Gas Operations:

Unit sales to customers were 10% lower than fiscal 1982. This is due primarily to conservation and a 15% decrease in degree days compared to the previous year.

The financial statements presented are representations of the Management of the Wakefield Municipal Light Department. Management recognizes its responsibility for the preparation and presentation of financial statements in conformity with generally accepted accounting principles. To fulfill this responsibility, Management maintains a system of internal accounting controls including established policies and procedures.

The responsibility of our outside and independent auditors' examination is limited to the expression of an opinion as to fairness of the financial statement presented. The independent auditors are selected by the Board of Commissioners and report their findings directly to the Board. The Board is responsible for ensuring that both the independent auditors and Management fulfill their respective responsibilities as they pertain to these financial statements.

The Moderator recognized the Chairman of the Planning Board, Attorney Hugh Powers who moved that Article 11 be tabled.

This motion was carried.

ARTICLE 12

To see if the Town will vote to amend Chapter XIX, Article V, of the General Bylaws of the Town, by adding thereto, subparagraph (4a) as follows:

"(4a) — All appeals or applications for variance under this Chapter shall be accompanied by a fee of \$115.00 to cover expenses incidental thereto."

Board of Selectmen

On motion by Finance Committee:

Voted: That the Town amend Chapter XIX, Article V, of the General Bylaws of the Town, by adding thereto, subparagraph (4a) as follows:

"(4a) — All appeals or applications for variance under this Chapter shall be accompanied by a fee of \$115.00 to cover expenses incidental thereto."

Boston, Massachusetts

September 21, 1983

Article 12 of the Warrant of the Special Town Meeting of May 23, 1983 became effective this date without the approval of the Attorney General.

ARTICLE 13

To see if the Town will vote to abandon any of its right, title or interest in a water easement located upon Lots 14, 15, and 16, as shown on Plan 17801B entitled "Subdivision of Land, Shown on Plan 17801A" dated December 3, 1940, L. G. Brackett & Co., Engineers and filed with Certificate of Title #48824 in Book 327, Page 77 of Middlesex South Registry District, or to see what the Town will do about it.

Benedict J. Quirk

On motion by Finance Committee:

Voted: That the town abandon its right, title or interest in a water easement located upon Lots 14, 15 and 16, as shown on Plan 17801B entitled "Subdivision of Land, Shown on Plan 17801A" dated December 3, 1940, L. G. Brackett & Company, Engineers, and filed with Certificate of Title #48824 in Book 327, Page 77 of the Middlesex South Registry District.

This Article required a $\frac{2}{3}$ rd vote. The vote was unanimous.

ARTICLE 14

To hear and act upon a report of the Board of Public Works in laying out Town ways in substantially the same location as the private ways listed below, and to authorize the acquisition by purchase of eminent domain proceedings, rights and easements necessary in connection therewith for construction, reconstruction and maintenance, to slope land back from street lines in land adjoining the location of said ways in accordance with applicable sections of the Massachusetts General Laws:

- (a) Audubon Road — beginning at the northerly limit of Pleasure Island Road (location line of 1960 Mass. State Highway Layout) and extending about 2,376 feet northwesterly and southwesterly to a turnaround.
- (b) Teal Road — beginning at its intersection with the southerly sideline of Audubon Road and extending about 732 feet southwesterly to a turnaround.

and to further authorize the Town to apply for, receive and expend any funds allotted by the Commonwealth under the Public Works Economic Development Program for the construction of these roads in accordance with the regulations, specifications and plans approved by the Department of Public Works, or take any other action in relation thereto.

Board of Selectmen

On motion by Finance Committee:

Voted: That the Town accept and adopt under the Betterment Act, the report of the Board of Public Works on the acceptance and layout of the following streets described in Article 14:

- (a) Audubon Road
- (b) Teal Road

and to authorize the Board of Public Works to acquire by purchase or eminent domain proceedings, rights and easements necessary in connection therewith for the construction, reconstruction, maintenance and repairs; and to further authorize the Board of Public Works to take slope easements on the land adjoining the location of said proposed Town ways in accordance with the provisions of Chapter 82, Section 32-B of the General Laws, and to further authorize the Town to apply for, receive and expend any funds allotted by the Commonwealth under the Public Works Economic Development Program for the construction of these roads in accordance with the regulations, specifications and plans approved by the Department of Public Works, and to provide therefor, that the Town raise and appropriate from Tax Levy the sum of \$1.00; and provided always, however, that should the sum total of any bids for a contract, contracts, or subcontracts to accomplish the foregoing construction be in excess of the amounts available to the Town of Wakefield, then in such event, no work shall be undertaken and the purposes of this Article shall not be implemented.

The Moderator declared the motion carried by a two-thirds vote.

ARTICLE 15

Selectman Yebba rose to move at 10:15 P.M. that this Special Town Meeting be adjourned and we resume the Annual Town Meeting to the conclusion of same.

ARTICLE 36

To see if the Board of Selectmen should be requested to notify in writing President Ronald W. Reagan, Senator Edward M. Kennedy, Senator Paul E. Tsongas, and Representative Edward J. Markey that it is the desire of the voters at the annual Town Meeting that these aforementioned officials of our nation use their constitutionally-mandated authority and influence to reduce the frightening potential for nuclear war.

1. by stopping promptly and completely the sale and licensing for sale of American equipment, supplies and technology to the Soviet Union and all other Communist countries; and
2. by terminating all programs and agreements whereby our nation provides loans, credits and re-scheduling of debts with and to all Communist nations.

John F. McManus and Others

On motion by Finance Committee:

Voted: Indefinite postponement

ARTICLE 37

To see what sum the Town will vote to return to the Town Treasury from the balance in the Operating Fund of the Municipal Light Department as of June 30, 1983, and to authorize the Assessors to use said sum in computing the tax rate for the fiscal period ending June 30, 1984, and also to see what sum the Town will authorize the Municipal Light Department to transfer from the balance of its Operating Fund as of June 30, 1983, to the Construction Fund of the Municipal Light Department.

Municipal Light Commission

On motion by Finance Committee:

Voted: That the Town return to the Town Treasurer the sum of \$300,000.00 from the balance in the Operating Fund of the Municipal Light Department as of June 30, 1983, and to authorize the Assessors to use said sum in computing the tax rate for the fiscal period ending June 30, 1984. The balance remaining in the Operating Fund as of June 30, 1983, after the transfer, shall be retained in the Operating fund and subject to further town meeting action.

ARTICLE 38

To see if the Town will vote to authorize the Board of Assessors to use such free cash as may be in the treasury or any part thereof in computing the tax rate for the fiscal period ending June 30, 1984.

John J. McCarthy
Town Accountant

On motion by Finance Committee:

Voted: That the Town authorize the Board of Assessors to use free cash in the Treasury in the amount of \$390,000.00 in computing the tax rate for the fiscal year 1984, and that the Assessors shall use an amount of estimated receipts not in excess of the amount authorized by statute in determining the tax rate for the Fiscal Year 1984.

On motion by Selectman Yebba:

Voted: That this Annual Town Meeting be now dissolved at 10:46 P.M.

Chairman of the Planning Board, Attorney Hugh Powers moved that we resume the Special Town Meeting for the purpose of taking Article 11 from the table. He moved indefinite postponement. It was so voted.

SPECIAL TOWN MEETING NOVEMBER 21, 1983

Moderator, Albert J. Turco called the meeting to order at 7:34 P.M. in the auditorium of the Wakefield Junior High School on Main Street. He noted that for the first time tape would be made of this Town Meeting for cable viewing at a later date. The pages and visitors were introduced as well as the tellers who were duly sworn.

The Moderator then recognized Alfred Palmerino, who is Chairman of the Finance Committee for the first time.

On motion of the Finance Committee:

Voted: That reading of the Warrant, with the exception of the Constable's return be dispensed with. The Constable's return was read by the Town Clerk.

ARTICLE 1

Sixty-Ninth Annual Report of the Town Accountant

FOR THE FISCAL PERIOD ENDING JUNE 30, 1983

The total cash expenditure processed by the Town Accountant's office amounted to \$63,648,298.59.

The total cash receipts amounted to \$63,005,627.23 which indicates the necessity for serious attention and consideration in this area of the Town's financial program.

The records of the Town Treasurer have been examined and found to be in agreement with the accountant's balances.

The operating cash balance as of June 30, 1983 is as follows:

Revenue Cash	\$ 2,855,120.51	
Non Revenue Cash	260.00	
Federal Revenue Sharing Cash	<u>24,684.12</u>	
		\$ 2,880,064.63

Trust Funds have been checked by examination of Securities, Savings Bank Accounts and Deposit Books.

Funds of the Contributory Retirement System have been verified by examination of Bank Books, Securities, and Checking Account.

Balance was in agreement as of December 31, 1982 with the Accountant's balance. Funds are invested as follows:

Mass. Municipal Depository Trust	\$ 1,005,000.00	
Savings Banks	796,577.93	
Investment Stocks	132,850.00	
U.S. Government Bonds	1,466,688.79	
Industrial Bonds	253,420.62	
Transportation Bonds	200,222.66	
Telephone Bonds	1,055,520.02	
Public Utility Bonds	1,584,593.38	
Bank Bonds	<u>409,355.18</u>	
		\$ 6,904,228.58

All cancelled, permanent, and temporary loans paid during the year by the Treasurer have been examined and found to be as reported.

A general financial audit of the Town of Wakefield, with the exception of the Wakefield Municipal Light Department, for the year ending June 30, 1983, was performed by Theodore S. Samet & Company, Certified Public Accountants, Chestnut Hill, Massachusetts. Peat, Marwick, Mitchell & Company, Certified Public Accountants, Boston, Massachusetts, performed a financial audit of the Wakefield Municipal Light Department for the year ending June 30, 1983.

The complete financial statements for the Town, together with the reports of Theodore S. Samet & Company, Peat, Marwick, Mitchell and Company, are on file in the office of the Board of Selectmen and are available for review upon request during normal business hours.
